We're making the Treasure Valley even better...one project at a time!

Together Treasure Valley, a collaboration of 20 area businesses, has given away \$357,450 since its inception in April 2016. This amount has been magnified to over \$500,000 with matching funds. Today we are pleased to announce a new art project that will benefit and enrich the families and visitors of Kuna. "We are thrilled that Together Treasure Valley can make an impact in some of the surrounding communities," said Debra Leithauser, President & Publisher of the Idaho Statesman and a partner in Together Treasure Valley. "Our goal of making the Treasure Valley better is uniquely exemplified in our various projects."

Kuna Interactive Art

Together Treasure Valley's partners are excited to give the city of Kuna \$15,000 to help fund an interactive sculpture that spells out "KUNA." The city of Kuna is matching this funding and they will commission an art sculpture that will incorporate kid-friendly elements such as a slide, swing and climbing grips to transform a simple streetscape into a destination for children and families. Kuna's design committee, stakeholders, and the local community have identified Art as an important component of Kuna's Downtown Revitalization Project. Therefore, this creative use of signage, to be completed by Spring 2018, will encourage children and families to come play, take pictures and have fun in the new Interactive Art Alley to be located in downtown Kuna.

About Together Treasure Valley

Together Treasure Valley is a Treasure Valley-wide concept, launched in April 2106, to do good in our community and celebrate what a great place the Valley is to live and work. Area businesses have joined together and are making a significant investment in funding this and other initiatives in 2017. The goal is to work together to identify and fund projects that will make the Treasure Valley an even better place. Together Treasure Valley partners include Albertsons, Boise Airport, CBH Homes, Colliers International, Delta Dental of Idaho, Engineered Structures, Inc., Holland & Hart, Idaho Central Credit Union, Idaho Power Company, Idaho Statesman, Intermountain Gas Company, Jacksons, Lyle Pearson, Oppenheimer Companies, Inc., Regence BlueShield of Idaho, Saint Alphonsus Health System, St. Luke's, United Heritage, University of Idaho and Wells Fargo.
