**Definition of a Home Daycare:**

Daycare Facilities: Any home where non-medical care, protection or supervision is regularly provided to children under twelve (12) years of age, for periods less than twenty four (24) hours per day, while the parents or guardians are not on the premises. Any facility providing daycare is required to have a special use permit and a State of Idaho basic daycare license.

A. **Family Childcare Home:** A childcare facility which provides care for six (6) or fewer children throughout the day.

B. **Group Childcare Home:** A childcare facility, which provides care for seven (7) to twelve (12) children throughout the day.

C. **Childcare Center:** A childcare facility, which provides care for more than twelve (12) children throughout the day. *Note: Childcare Centers are subject to the Design Review process.*

It should be noted that, in determining the type of childcare facility that is being operated, the total number of children cared for during the day and not the number of children at the facility at any one time is determinative.

**KCC 5-6-5: Supplementary Conditions and Safeguards:**

In granting any special use, the planning and zoning commission may prescribe appropriate conditions, bonds and safeguards in conformity with this title. Violations of such conditions, bonds or safeguards, when made a part of the terms under which the special use is granted, shall be deemed a violation of this title.

**KCC 5-6-6: Procedure for Hearing Notice:**

Prior to granting a special use permit, at least one public hearing in which interested persons shall have an opportunity to be heard shall be held. At least fifteen (15) days prior to the hearing, notice of the time and place and a summary of the proposal shall be published in the official newspaper or paper of general circulations within the jurisdiction. Notice shall also be provided to
property owners and residents within three hundred feet (300’) of the external boundaries of the land being considered, and any additional area that may be substantially impacted by the proposed special use as determined by the commission.

**KCC 5-1A-8:**

**A:1: Posting of Hearing Notice on Property:** Not less than ten (10) days prior to the hearing, the applicant shall post a copy of said notice of hearing of the application on the property under consideration; except as noted herein, posting of the property must be in substantial compliance.

**KCC 5-6-7: Action by Commission:**

Within thirty (30) days after the public hearing, the planning and zoning commission shall approve, conditionally approve or disapprove the applications as presented. If the application is approved or approved with modifications, the commission shall direct the director to issue a special use permit listing the specific conditions specified by the commission for approval.

*Any special use permit so granted shall be personal to the applicant and shall not run with the land, shall not be transferable, and shall terminate when the applicant ceases to do business at the location stated in the permit.*

Children shall not be allowed to play on outdoor equipment that is hot to the touch.

Ensure the building’s used for child care meet the City’s building and Fire District codes.

Ensure that all doors opening to the outside are self-closing (except for sliding glass doors) and all ventilating windows have locking screens.

Ensure that heating, ventilating and lighting facilities meet City code.

Ensure that child accessible electrical outlets are covered with safety caps, ground fault interrupters or have safety outlets’ installed that meet City code.

All child care provider’s refuse and garbage shall be collected, stored and disposed of in an appropriate manner with a minimum weekly solid waste pickup or disposal service. Garbage shall be contained so that it does not attract rodents or insects. Waste material will be placed in containers and locations approved by the City.

The childcare facility grounds will be kept neat and clean and free from rodents, hazards and other perils.

Smoking shall be prohibited in all areas of the facility during its hours of operation.
Ensure that children who are ill are excluded from the general population and sent home as soon as possible to minimize safety threat to fellow children. Provide the City with a protocol of how sick children will be attended. Report any health related concerns to either the City or the Health Department.

Ensure that sleeping, play areas and fixtures are maintained in a sanitary condition. Children shall not share unwashed bedding; and all bedding shall be washed after soiling and at least once a week.

Outdoor play areas shall adjoin, or be safely accessible to indoor areas.

All equipment openings, steps, decks and handrails shall be smaller than three and half inches (3 ½”) in spacing or diameter or greater than nine inches (9”) to prevent child entrapment.

All upright angles shall be greater than 55 degrees to prevent the children’s entrapment and entanglement.

The outdoor play area shall be enclosed by a private or semi-private fence constructed of approved building materials to a minimum height of five feet (5’) but not to exceed six feet (6’). The fence shall include a minimum of two (2) operating exits. Semi-private fences shall not have openings exceeding 1 ¾ inch width.

All stationary outdoor equipment that is more than eighteen inches (18”) in height shall be installed over a protective surfacing.

Play equipment shall be place at least six feet (6’) away from buildings, fences, trees or other play equipment and kept in good repair. Swing seats shall be made of plastic, soft or flexible material.
